

BESTIES BEASTIES E-SAFETY

**Be cautious as you surf around,
Enjoy the net but use your mind,
Sharing joy and kindness alright,
Trust your instincts in the digital light,
In a world where screens so bright,
Enjoy the web, but don't be blind,
Safety and kindness should be in mind.**

**Be private, be safe,
Every Bestie should think,
Always think before you click,
Strong passwords should you pick,
Tell an adult you trust,
If you feel the trick,
Every Beastie must agree,
Stop and verify before you tick.**

**Explore, learn and share,
Safe practices keeps us aware,
Avoid online strangers there,
Focus on privacy respect and care,
Every child is rare ,
Think before you post just a second,
You are all our rare diamond.**
